PREAMBLE

The following document is designed by the regional board to implement a staff-led, policy-governed model modified for the specific needs of the Growing Healthy Churches. The Guiding Principles fall into three categories: Through “Mission Principles” the board prescribes for the Executive Minister the ends to be achieved by GHC. Through “Boundary Principles” the board sets constraints on the means that may be used in pursuit of those ends. (However, the board is careful not to prescribe any particular means for the Executive and the staff.) Through “Accountability Principles” the board instructs the President of the GHC as its chairperson how to maintain the linkage of the board with its constituents, the monitoring of Executive Minister performance, and the integrity of the board’s own process. In any case where these Guiding Principles delegates to the Executive Minister and staff a decision required by the bylaws to be made by the board or committee, the requirement of the bylaws will be fulfilled through the use of a routine consent agenda by the board.

These Guiding Principles are not intended to communicate all that we believe and practice. We affirm our commitment to an orthodox and evangelical Christian faith, the value of all persons and cultures, and the variety of legitimate ministries in God’s Kingdom. Through these Guiding Principles, we merely intend to focus the priority outcomes, the ethical boundaries, and the organizational strategy of the GHC through its board and Executive Minister.
